PROPERTY OVERVIEW

Port Bienville Industrial Park (PBIP) has more than 3,600 acres of available property for development and home to 14 leading companies carving out exceptional success across diverse sectors. Port Bienville connects tenant operations to ports along the Gulf Coast Intercoastal Waterway, including the Port of New Orleans, opening Mississippi River routes and deep-water global access. The Park's shortline rail connects to CSX which offers access to virtually the entire Eastern U.S., while heavy-haul trucking roads move goods to multiple connections including I-10, I-12, I-59 and U.S. Highways 49 and 90 for nationwide coverage. PBIP offers both the ways and the means for delivery with multiple logistics services including Warehouse Services, an industry leader in bulk transport; and SSA Marine, offering a full range of services from terminal management and stevedoring to rail yard operations and warehousing to trucking and off-dock operations.
